Dial Me In System's Hosted Solution

Dial Me In System's Convenient Log In Feature

An authorized user will have three convenient ways to log into the Voice Broadcaster Pro via Cell Phone, Land Line, or Internet Website Administrative Login.

Because you may not always be in front of a computer the Dial Me In Network offers an industry first, and Patent Pending phone in feature, that allows you to deliver your message from anywhere.

You simply dial into our Toll Free 800 number and enter your secure authorization code, record a 30 to 45 second Emergency Alert or Notification message.

You then choose from your pre determined list of recipients to include unlimited subgroups. Your message is then delivered in minutes! An email and text Messaging option is available for delivery as well!

Our system will automatically make an attempt to retry No Answers and Busy signals up to 3 times.

A Detailed Broadcast Delivery reports is generated and sent to your email or is available online for your review.

Our Hosted Emergency Alert and Notification service is available for you 24 hours a day, 7 days a week, 365 days a year.
