On-Premise

Dial Me In, Llc. Announces Voice Broadcaster Pro

Ohio-Based Manufacturer of Mass Alert Notification Technology Launches the “Voice Broadcaster Pro” - America’s Newest, On Premise, Community-Wide, Emergency Alert and Notification System.

Dial Me In System’s Hosted Solution

An On-Premise System is now Available Today!

Voice Broadcaster Pro a unique, patent-pending Instant Emergency Voice communication protocol system that allows Police and Fire Departments, Colleges and Schools, Government Agencies, Community Groups, and Non profit Organizations to send instant, Voice Emergency or Advisory Alerts to a virtually unlimited amount of residents in their community via their home phones and or cell phones within minutes.

Voice Broadcaster Pro Convenient Log In Feature

An authorized user will have three convenient ways to log into the Voice Broadcaster Pro via Cell Phone, Land Line, or Internet Website Administrative Login.

Because you may not always be in front of a computer the Dial Me In Network offers an industry first, and Patent Pending phone in feature, that allows you to deliver your message from anywhere.

You simply dial into our Toll Free 800 number and enter your secure authorization code, record a 30 to 45 second Emergency Alert or Notification message.

You then choose from your pre determined list of recipients to include unlimited subgroups. Your message is then delivered in minutes! An email and text Messaging option is available for delivery as well!

Our system will automatically make an attempt to retry No Answers and Busy signals up to 3 times.

A Detailed Broadcast Delivery reports is generated and sent to your email or is available online for your review.

Voice Broadcaster Pro for Your Organization or Group

Police and Fire Departments, Colleges and School, State and Local Government Agencies and Non Profit Organizations across America now have a truly affordable, incredibly fast means of sending every recipient in their data base with an instant Voice, emergency or advisory information...*what they need to know, when they need to know it.*

Voice Broadcaster Pro Emergency Alert

With the **Voice Broadcaster Pro** agencies and organizations now have a new ability to “*Touch Them All . . . With Just One Call. . .*” within seconds of dangerous or life-altering events.

With the **Voice Broadcaster Pro** a new era of effective, instant mass Emergency Alert has arrived.”

Now hundreds, thousands, even millions of citizens, can be notified of impending, severe weather; terrorist activity; Amber Alerts; temporary street closures... *simultaneously...in just seconds.*

Voice Broadcaster Pro Offers Continuous Communication with Notification Feature

Authorized Users of **Voice Broadcaster Pro** can extend the Notification features of the system to be used by the variety of sub organizations or groups connected with the organization.

While the system is in use for notification purposes, the “**Voice Broadcaster Pro**” has one very unique and Patent Pending feature that will **STOP** all notification’s in the system once the Organization authorizes a **911, 912, or 913** Emergency Alert. This feature enables the “**Voice Broadcaster Pro**” to use the whole wait of its system for the Emergency Alert Message until all recipients have been notified, and has even recalled busy signals up to 3 times. Once the Emergency Alert is completed, the system will then return backed to the uncompleted notification messages.

Continue On-Premise
